Editorial

It is my great pleasure to welcome you in this auspicious occasion, 9th Annual National Conference. We are delighted and excited. For the first time we are celebrating our Annual National Conference outside Dhaka at Cox's Bazaar. We know we have the longest sea beach in Cox's Bazaar where natural beauty is most amazing and unparalleled. Glaucoma is a second leading cause of blindness worldwide. It is silent killer of vision. Tragedy is that it causes irreversible blindness unlike cataract where blindness is reversible. The aim of our society is to build up awareness among the general population about glaucoma. For this we arrange seminar, symposium, press conference and rally every year. We are going to publish a souvenir like the previous year. Experienced national and international faculties will present their scientific papers to exchange their knowledge and views. From the core of my heart I thank to all the participants from and abroad.

I must thank to Dr. Md. Quamrul Islam Khan secretary general, Bangladesh glaucoma society for guiding me and continuous support for publishing this souvenir. Dr. Mohammad Ziaul Karim president, Bangladesh glaucoma society encouraged me about the souvenir. I must thank Prof. Dr. M.A Mannaf ex-president and advisor, Bangladesh glaucoma society for giving me valuable advice about the souvenir. Prof. Dr. M. Nazrul Islam ex-president and advisor, Bangladesh glaucoma society helped a lot for publishing this souvenir. I must thank to Dr. Sajedur Rahman chairman, publication and publicity sub-committee for his suggestions. I must thank all secretaries and members of executive committee of Bangladesh glaucoma society for their continuous support. I also thank to Mr. Abdus Salam and his associates due to hard work for publishing this souvenir. We tried our level best for a colourful and informative souvenir for you. If there are any pitfalls in this souvenir please forgive us.

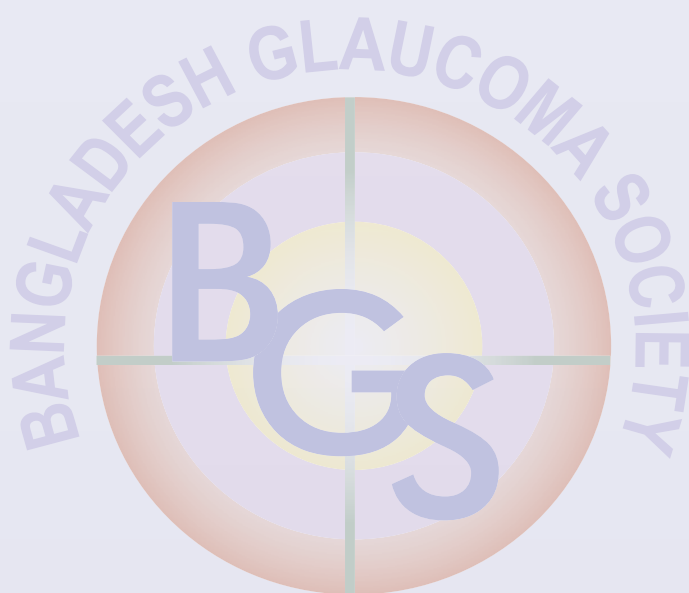

Eventually, I want a great success of the 9th Annual National Conference at Cox's Bazaar.

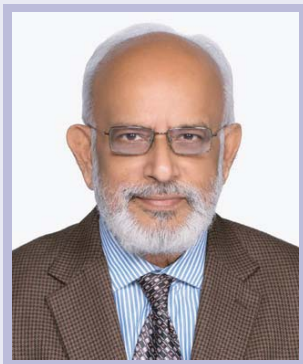

Dr. Md. Safiul Islam Prodhan

Member secretary

Publication and publicity sub-committee

Bangladesh glaucoma society

From the desk of the President

Bismillahir Rahmanir Rahim.

It is my great pleasure to warmly welcome you to Bangladesh Glaucoma Society's 9th Annual National Conference. This is the first time we are arranging this conference outside of Dhaka. We have renowned Glaucoma Specialists as our invited speakers. I would like to express my sincere gratitude to our invited guests, faculties Dr. Jayant Venkatramani Iyer and Dr. Mona Khurana.

This conference gives us the opportunity to share our scientific knowledge among participants.

We are well-aware of the changing demographics of people living longer and their changing life styles, which is resulting in rapid rise in the number of people with Glaucoma. We are now, for the first time, seeing a decrease in the prevalence of blindness. Cataract as a cause of blindness is also coming down. In this scenario, Glaucoma is emerging as the more significant cause of blindness.

In case of Glaucoma, case detection and the chronic management are very challenging. The patient is unaware of the onset of the condition and while Cataract surgical intervention is instantly appreciated, in this condition a positive effect of treatment is seldom felt.

For Glaucoma challenges become even greater, as the case detection rates are very low; there are lot of undiagnosed cases. As indicated, Glaucoma requires chronic management of periodic assessment and intervention. A level of proactiveness is required to ensure compliance. All that is required to treat the condition as well as prevent or arrest the disease progression is health education and increased awareness. It is the later that will dramatically reduce the number of patients presented in the advance stages of the disease.

The two main challenges in effective management of Glaucoma are (1) case detection, and (2) continued follow-up. In most cases, follow-up during the early years of the condition is not appreciated by the patients, as they do not experience any vision loss or see any improvement with medications. As a consequence, follow-up rates drop precipitously with each passing year, while the risk of permanent vision loss increases over time.

Bangladesh Glaucoma Society (BGS) is trying relentlessly to increase awareness amongst general population by different awareness programs such as CME, celebration of World Glaucoma Week, TV and radio talk shows throughout the country.

I would like to express my heart-felt gratitude to our guests, BGS advisors, invited speakers, senior ophthalmologists, distinguished participants and media personnel. One of the reasons that we are able to organize this kind of scientific, entertainment and cultural program is because of our generous sponsors and wonderful partners from different Pharmaceutical companies. I thank all of you.

I sincerely hope you will have a rewarding and fruitful experience from the conference. Let me conclude by welcoming you once again.

Dr. Muhammad Ziaul Karim
President
Bangladesh Glaucoma Society

From the Desk of Secretary General

Respected President, Advisors, Executive Committee Members & Life Members of Bangladesh Glaucoma Society (BGS). President and members of ophthalmological society of Bangladesh (OSB), local & foreign faculties of the conference, distinguished guests, students, members of pharmaceuticals company, members of different electronic & print media, Ladies & Gentleman Assalamualaikum & a very good morning to all of you.

On behalf of Bangladesh Glaucoma Society, it is indeed a great pleaser, honor and privilege for me to welcome all of you in this "9th Annual National Conference" of Bangladesh Glaucoma Society on 24 November, Saturday 2018 at the Seagull Hotel, Cox's Bazar, Bangladesh.

Dear delegates & participants:

Bangladesh Glaucoma Society started its journey on November 2007. Since then we are arranging our Annual National Conference regularly, in addition we have arranged 1st and 2nd International Glaucoma meeting at Dhaka.

This is the first time we have arranged this 9th Annual National Conference outside the capital city of Dhaka.

Current Executive committee of Bangladesh Glaucoma Society (BGS) took its responsibility on 31st January, 2018. Since then we are arranging the CME program at and outside Dhaka. We are holding regular Executive committee meeting for running the society smoothly.

This year (2018) we have observed the world glaucoma week and day from 11th to 17th March throughout the country. We have participated in TV talk show, free Glaucoma screening camp, colorful rally, Press conference and distribution of posters in different hospital and institutes to make the awareness among the doctors, paramedics and overall the general people of the community so that they know more about what is Glaucoma. We are very much thankful to all ophthalmologist and hospital authorities in Dhaka and outside of Dhaka who helped us to observe the world glaucoma week and day.

Scientific presentation, symposium, instruction course, medical and surgical management of glaucoma will be the main attraction for the success of the conference.

Thanks to all the speakers from home and abroad specially 1) Dr. Jayant Venkatramani Iyer from Singapore National Eye Centre, Singapore and 2) Dr. Mona Khurana from Sankara Nethralaya, Chennai, India. Their participations will help to enrich our knowledge of understanding of glaucoma.

I am grateful to those who gave their valuable time to make this conference success in the best possible way. I am thankful to authors who gave their scientific paper for publication in the BGS journal.

Honorable members & Guests :

We are very much grateful to all of you for your participation in this glaucoma conference. Glaucoma is one of the delicate ophthalmic problem to be handle. This conference will help us to be acquainted with the current standards of diagnostic tools and management of glaucoma.

My personal gratitude to all honorable advisors for their kind cooperation. Special thanks to Prof. Sk. M. A. Mannaf, Advisor, Bangladesh Glaucoma Society (BGS) for his tremendous backup support to run the society smoothly. I am also thankful to Advisor Prof. M. Nazrul Islam, President Dr. Muhammad Ziaul Karim, President Elect. Prof. Md. Mizanur Rahman, all the secretaries and members of EC committee for their support and help.

Finally I would like to give thanks to all the sponsors of Bangladesh Glaucoma Society (BGS). Members of electronic & print media, Office staff of BGS and authorities of Seagull hotel, Cox's Bazar, Bangladesh for their cooperation.

I hope & pray that during this Conference and post conference Saint Martin tour you will remain safe, feel comfort and enjoy the natural heritage and beauty of Cox's Bazar and it's Sea beach which is the longest sea beach of the world and one of the pride of our country.

Thanks again

Best wishes to all of you.

Dr. Md. Quamrul Islam Khan

Secretary General

Bangladesh Glaucoma Society (BGS)

From the desk of President Elect

Glaucoma is a leading cause of blindness globally. Tragedy of glaucoma is that it causes irreversible blindness from the very beginning, Bangladesh Glaucoma Society is trying relentlessly to make progress in two fields. To create mass public awareness about the disease, BGS is organizing programs in the media - radio, TV, newspaper, internet throughout the year. BGS is also organizing programs - Symposiums, instruction courses, Glaucoma debates, CME in different parts of Bangladesh. It has been done to exchange our views, thoughts and ideas among the ophthalmologists home and abroad. To update our knowledge regarding the disease, BGS members used to participate actively in the international programs like World Glaucoma Congress.

I express my deep gratitude to the organizers, participants, foreign delegates, guests, sponsors for their kind presence in the 9th Annual National Conference of BGS at Hotel Seagull, Cox's Bazar.

Prof. Md. Mizanur Rahman
President Elect
Bangladesh Glaucoma Society

**From the desk
of
Chairman
Scientific Sub-Committee**

On behalf of the Scientific Committee, Bangladesh Glaucoma Society, it is my pleasure to warmly welcome all of you to its 9th Annual National Conference at Hotel Seagull, Cox's Bazar, Bangladesh being held today 24th November 2018.

Glaucoma is the 2nd cause of blindness throughout the world. The disease can only be prevented with its scientific knowledge for doctors and also patients. To be acquainted with the current knowledge of diagnostic tools and treatment of glaucoma, Bangladesh Glaucoma Society holds CME program, Discussion meeting with patients, journalists round the year.

Scientific presentation, symposium, instruction course and memorial lectures will be the main attraction in this conference. Thanks to speakers from home and abroad especially Dr. Dr Jayant V Iyer, Consultant, Singapore National Eye Centre, Singapore and Dr. Mona Khurana, Consultant, Sankara Nethralaya, India.

I am grateful to the authors who gave their scientific paper for publication in the BGS journal. My special gratitude to all Honourable Advisers of Bangladesh Glaucoma Society for their kind cooperation. Special thanks to Prof. Sk.M.A Mannaf, adviser, Dr. Muhammad Ziaul Karim, President BGS, Dr. Md. Quamrul Islam Khan, BGS Secretary General, Prof. M. Hafizur Rahman Scientific Secretary and all the executive members of the Bangladesh Glaucoma Society for their valuable support and help to make this event successful.

Best wishes to all.

Prof. M. Nazrul Islam

Chairman

Scientific Sub Committee

Bangladesh Glaucoma Society.

Bangladesh Glaucoma Society

9th Annual National Conference

Date : 24 November, Saturday, 2018

Venue : Seagull Hotel, Cox's Bazar, Bangladesh

Program at a glance

08.00 am	-	08.30 am	:	Registration
08.30 am	-	09.00 am	:	Inauguration
09.00 am	-	10.00 am	:	Scientific Session-I
10.00 am	-	11.00 am	:	Scientific Session - II
				Memorial Lecture
11.30am	-	01.00 pm	:	Scientific Session III
				Glaucoma Symposium Primary Angle Closure Disease
01.00	-	02.00 pm	:	Lunch & Prayer
02.00	-	03.30 pm	:	Scientific Session-IV
				Glaucoma - Surgical Management
03.30	-	04.30 pm	:	Scientific Session - V
				Secondary Glaucoma

Bangladesh Glaucoma Society

9th Annual National Conference

Date : 24 November, Saturday, 2018

Venue : Seagull Hotel, Cox's Bazar, Bangladesh

Scientific Program

9.00 am - 10.00 am : Scientific Session-I

Instruction Course:

Chairman : Prof. Jalal Ahmed
Dr. M. Ziaul Karim

Moderator : Dr. Sajedur Rahman

Topics	Speaker	Time
Is anterior segment imaging useful in glaucoma?	Dr. Harun Ur Rashid	10 min
Is Optic nerve imaging the best for early diagnosis?	Dr. Salma Parvin	10 min
Recent Advances in Visual fields in Glaucoma: New Horizons	Dr. Mona Khurana	12 min
Is macular imaging useful in early diagnosis?	Dr. Musharraf Hossain	10 min
Clinical interpretation of OCT in Glaucoma	Dr. Mona Khurana	12 min
Discussion		6 min

10.00-11.00 am : Scientific Session - II : Memorial Lecture

Chairman : Prof. Hassan Shahid
Prof. Shah Md. Bulbul Islam

Moderator : Prof. Kh. Ziaul Islam Md. Ali

Introduction to Prof. M A Matin : Prof. M. Hafizur Rahman	05 min
Matin Memorial Lecture Prof. Md. Shahab Uddin	20 min
Introduction to Prof. M. Mustafizur Rahman : Dr. Md. Safiul Islam Prodhan	05 min
Mustafiz Memorial Lecture Prof. Md. Sharfuddin Ahmed	20 min

11.30am - 01.00 pm: Scientific Session III: Glaucoma Symposium Primary Angle Closure Disease

Chairman : Prof. A S M Kamal Uddin
 Prof. Sk. Md. Hossain

Moderator : Prof. Brig. KamrulHasan Khan

Topics	Speaker	Time
Angle assessment A to Z	Dr. Ruhi Mannan	12 min
Management of acute angle closure	Prof. Zakia Sultana Shahid	12 min
Primary Angle Closure Disease (PACD) - Laser therapy	Dr. Mohasin Baig	12 min
PACG Medical Management	Dr. Mohammad Zafrul Hasan	12 min
PACG Surgical Management	Prof. M. Nazrul Islam	20 min
Discussion		20 min

01.00 - 02.00 pm: Lunch & Prayer

02.00 - 03.30 pm: Scientific Session-IV: Glaucoma - Surgical Management

Chairman : Prof. Syed Maruf Ali
 Dr. Md. Quamrul Islam Khan

Moderator : Dr. Mahmud Hassan Lenin

Topics	Speaker	Time
Use of adjuncts, tips and tricks - Mitomycin C and Ologen in Trab	Prof. Sk. M A Mannaf	20 min
Addressing Shallow chambers - Early and late post trab	Dr. M A Karim	12 min
Trabeculectomy: Management of Bleb and Complications	Dr. Jayant V Iyer	18 min
Managing Post TrabHypotony	Dr. Ishtiaque Anwar	12 min
MIGS: An Overview	Dr. Jayant V Iyer	18 min
Discussion		10 min

03.30 - 04.30 pm : Scientific Session - V : Secondary Glaucoma

Chairman : Prof. Md. Arif Mian
 Prof. Enamul Haque

Moderator : Prof. M. Hafizur Rahman

Topics	Speaker	Time
Inflammatory glaucoma – Management	Prof. Dr. Iftekhar Md. Munir	12 min
Neovascular Glaucoma- Background Pathophysiology and Epidemiology	Dr. Siddiqur Rahman	12 min
Management of NVG - Medical, Laser, Injections and Surgical	Prof. M A Bashar Sheikh	12 min
Surgical Management of Phacomorphic and Phacolytic glaucoma	Dr. Shams Md. Noman	12min
Discussion		12 min

Bangladesh Glaucoma Society

Foreign Faculty

Dr. Jayant Venkatramani Iyer
 Singapore National Eye Centre
 Singapore

Biography

Dr. Jayant Venkatramani Iyer, MBBS, GDFM, MMed (Ophth), FRCOphth, Fellow of the Academy of Medicine, Singapore, Fellow of the Royal College of Ophthalmologists (UK), Consultant (Glaucoma), Singapore National Eye Centre (SNEC), Adjunct Assistant Professor, Wilmer Eye Institute, Johns Hopkins, USA, Founding Director, The Vision Mission (Singapore), 11, Third Hospital Avenue, Singapore 168751.

Dr Jayant V Iyer is a Consultant with the Glaucoma department in the Singapore National Eye Centre (SNEC). He completed his undergraduate medical training at NUS in 2004, was conferred the Graduate Diploma in Family Medicine in 2009 and the Master of Medicine (Ophthalmology) in 2011, for which he was awarded the MOH. Postgraduate Examinations scholarship. He became a Fellow of the Royal College of Ophthalmologists (UK) in 2014 and completed his Fellowship examinations at the Academy of Medicine, Singapore (FAMS), with a Gold Medal the same year.

He completed subspecialty training in glaucoma at SNEC in 2016 and was awarded the MOH HMDP award to pursue a post-doctoral clinical Glaucoma Fellowship at the Wilmer Eye Institute in Johns Hopkins, USA from 2016-2017. At Wilmer, Dr Jayant got to work closely alongside global experts in the field of glaucoma and gained further experience in traditional and novel techniques in surgical management of the disease.

He is regularly involved in the training and education of residents, nurses and ophthalmic technicians at SNEC. He co-authored a textbook for general practitioners across Singapore titled Essential Ophthalmology. He has published over 15 papers in international peer-reviewed journals, presented in various international conferences and won awards for research including the ARVO Travel Grant Award 2013 and the Merit Award at the International Ophthalmology Congress in 2010. His current research interests are in glaucoma surgery optimization, glaucoma health literacy, novel device development and global ophthalmology.

He is Adjunct Assistant Professor at Johns Hopkins, USA and at the Duke-NUS Medical School, Singapore. He is also Clinical Lecturer at Yong Loo Lin School of Medicine, NUS. Dr Jayant has a keen interest in international ophthalmic humanitarian work and is involved in setting up a Global Health program for Singapore Health Services as part of the Singhealth International Collaboration Office. He runs a non-profit organization – The Vision Mission – that is involved in setting up sustainable eye care programs in various developing countries.
